PRESENTS

VIOLENT CRIMINAL RESEARCH & INVESTIGATIONS

This 8 hour course will introduce the sworn law enforcement officer to fugitive type investigations. This course will expand on the skills used by law enforcement officers who are involved in the hunting and arresting of violent criminals, from the issuance of a warrant to their arrest and post arrest. We will emphasize on the investigative methods and research techniques used to successfully locate and apprehend wanted persons safely, quickly and efficiently. We will discuss in detail the unique resources available and tools used in fugitive operations. Areas of discussion will include:

- Fugitive Officer/ Unit Philosophy
- Fugitive Unit Development
- Compiling Of Information
- Organization Of Intelligence
- Case Work Ups
- Cellular Subpoena Response
- Applicable Case Law
- Social Media Research
- Social Media Subpoena Response
- LEO Research Tools
- LEO Networking
- Team Work
- Arrest Planning
- Electronic Surveillance
